Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Chestnut Drive Realignment in Fiscal Year 2026. The entity to receive funding for this project is the City of Doraville, located at 3725 Park Avenue, Doraville, GA 30340.

The funding would be used for a realignment project that aims to address safety concerns at the intersection of an existing local road and SR-13 (Buford Highway), which currently poses risks due to its dangerous configuration. By squaring up the intersection and installing traffic signals, the project intends to enhance safety for both motorists and pedestrians. This improvement is crucial as it will reduce the likelihood of accidents and improve traffic flow, thereby ensuring the efficient use of taxpayer funds towards safeguarding public safety and infrastructure.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.  
Sincerely, Member of Congress

Sincerely,

MEMBER OF CONGRESS
