Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Norcross Sidewalk Infrastructure Upgrade Project in Fiscal Year 2027. The entity to receive funding for this project is City of Norcross located at 65 Lawrenceville Street, Norcross GA 30071.

The funding would be used to close critical sidewalk gaps and build ADA-compliant pedestrian infrastructure throughout the community. As more residents walk to parks, restaurants, and community amenities, safe and continuous pedestrian infrastructure is essential to maintaining mobility, supporting economic activity, and ensuring public safety. The project is an appropriate use of taxpayer funds because it will improve safety, enhance accessibility for individuals with disabilities, strengthen neighborhood connectivity, and support Norcross's continued development as a walkable and accessible community.

The project has a federal nexus because the funding provided is for purposes authorized by section 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and that no one in my immediate family has any financial interest in it.

Sincerely,

Member of Congress
