Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Building Tomorrow's Tech Workforce in Fiscal Year 2027. The entity to receive funding for this project is the Georgia Institute of Technology, located at 237 Uncle Heinie Way, Suite 15, Atlanta, GA 30332.

The funding would be used to engage 100 students from the 4th Congressional District in developing foundational computer science, problem-solving, and digital design skills aligned with workforce readiness priorities. The project is an appropriate use of taxpayer funds because it invests directly in workforce readiness, expands access to high-quality computer science education, and helps build a stronger pipeline of future talent in one of the nation's fastest-growing economic sectors. Funding for transportation, instructional materials, technology supplies, and qualified instructors ensures that students, including those who may otherwise lack access to these opportunities, can participate fully in a nationally recognized program that promotes innovation, civic engagement, and long-term economic competitiveness.

The project has a federal nexus because the funding provided is for purposes authorized by section 20102 of title 51, United States Code.

I certify that I have no financial interest in this project, and that no one in my immediate family has any financial interest in it.

Sincerely,

Member of Congress
