The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Tucker Stormwater Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Tucker, GA, located at 1975 Lakeside Parkway, Suite 350A, Tucker, GA 30084.

The funding would be used for upgrading the City's stormwater system, including aging culverts, undersized pipes, deteriorated headwalls, and open channels. The project is an appropriate use of taxpayer funds because, in recent years, increased rainfall intensity, upstream development, and ongoing infrastructure degradation have placed significant strain on the system. These conditions have led to repeated roadway flooding and temporary closures, structural failures of culverts and retaining structures, severe erosion threatening utilities and adjacent private property, sediment discharge into downstream waterways, and escalating maintenance costs driven by emergency repairs. In several locations, storm events have overtopped roadways, compromising public safety and limiting access for emergency vehicles, disrupting daily travel for residents and businesses.

The project has a federal nexus because the funding provided is for purposes authorized by Section 603(c)(7) of the Clean Water Act.

I certify that I have no financial interest in this project, and that no one in my immediate family has any financial interest in it.

Sincerely,

Member of Congress
