Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Tucker Water Pressure Zone Expansion (Phase 1) in Fiscal Year 2027. The entity to receive funding for this project is DeKalb County Government located at 1300 Commerce Drive, Decatur, Ga. 30030.

The funding would be used to address low pressures in the General System Pressure Zone adjacent to the Tucker Pressure Zone boundary. The project is an appropriate use of taxpayer funds because it strengthens essential water infrastructure, reduces the risk of service outages, and improves fire flow for public safety. Addressing pressure problems now prevents more expensive emergency repairs later and supports long-term system reliability for the entire community.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act (DWSRF).

I certify that I have no financial interest in this project, and that no one in my immediate family has any financial interest in it.

Sincerely,

Member of Congress
