Details on Economic Injury Disaster Small Business Loan Program

Economic Injury Disaster Loans: EIDLs offer up to $2 million in assistance, which can be used to help overcome temporary loss in revenue caused by COVID-19.

- The loans may be used to pay fixed debts, payroll, accounts payable and other bills that can’t be paid due to this disaster. The interest rate for a small business is 3.75% and 2.75% for non-profits. The term of an SBA loan is up to 30 years, and these terms are determined on a case-by-case basis.

- It takes an average of 2 weeks to apply and get approved for the loan, plus 5 days for closing and first payment. Once approved, EIDL recipients can defer payment on the loan for up to 12 months. The CARES Act eliminates creditworthiness requirements and appropriates an additional $10 billion to the EIDL program in order to extend to eligible non-profits.
